DROP OPENER, 14-6

### Vikings Travel To Boyne City Friday Night To Meet Ramblers

The Grayling Vikings, after dropping their opening football game on their home field 14 to 6 to the Harrison Hornets, travel to Boyne City Friday night to meet the Ramblers in the opening game of conference play in the Northern Class Conference.

Boyer City is small and fast this year and throw the ball a lot as well as run wide sweeps. They also lost their opener against the Petoskey Northern in a 32 to 31 squeaker. Conference play gets underway in earnest Friday with Harbor Springs at Grayling, Charlevoix at Mancelona, East Jordan at Pellston as well as the Boyne-Viking fray.

The conference came out quite well in their openers last week as Grayling topped Cheboygan 12 to 6, Charlevoix over Rogers City 26 to 13, Mancelona over Elk Rapids 7 to 2, East Jordan downed Kalkaska 27 to 0 and Pellston laced Inland Lakes 38 to 0. The score on the Saturday game between Harbor Springs and Petoskey St. Francis was unavailable.

Last Friday night, Grayling and Harrison played about even ball in the first frame but in the second the Hornets completed a 70 yard pass play that took them to the Viking 3 yard line. Dave Ferguson grabbed the aerial. Grayling held for three downs but on the fourth, Jim Balmer punched in for the first score and the extra point was added on a kick. The half ended, Harrison 7, Vikings 0.

Grayling took the second half kickoff and drove for 70 yards to the Harrison 15 where Dave Ferguson took the ball in for a score on an end sweep. The kick for extra point was blocked after a high pass from center slowed the play. After that Grayling moved the ball well but failed to score. A pass play into the end zone was completed with the ball right into the receiver's hands but it was dropped.

In the final minute of the game, Harrison moved to midfield on downs and also aided by a 15 yard penalty. On a third down with short yardage, the Hornets faked a dive into the stacked up Viking line, only to pitch out to Dave Ferguson who carried the ball into score with 30 seconds left on the clock. A kick added the extra point.

Dave Bailey was voted Grayling's top offensive player gaining 84 yards on 12 carries. Tom Hatfield, Bill Kraus and Pat Thompson were top Viking defensive players.

### Forty Enjoy Canadian Fishing Trip

Forty men took off in two DC-9's for the Canadian fishing trip September 8 to 18th organized by Clarence Roberts. Others from Grayling were Al Siwert and Harold Macklin. The group flew to Morberg's fly-in camp in Saskatchewan, and fished in Saskatchewan and the Northwest Territory. Al Siwert came up with the biggest northern, 19 lbs. 1 oz. in weight, and Jack Pickell of Detroit the biggest grayling, which was 3 lbs. 6 oz. Dr. Roy Roberts, of the Grasse Isle, no relation, took the largest lake trout, an even 25 lbs. The weather was exceptional and the whole outing fine.

### St. Francis' Plans Harvest Festival Fete

The ancient custom of a Harvest Festival will be celebrated at the St. Francis Episcopal Church on Sept. 25th, at the 11 o'clock service.

The Harvest Festival itself is a very ancient Christian custom, dating back to the Hebrew custom of the offering of the first fruits of the year at the temple of Jerusalem. The Festival will be a remembrance of God's bountifulness and the blessings of the past summer. The church will be decorated with fruits, vegetables, flowers and home made preserves characteristic of the local region. There will be special music and hymns and ancient prayers that have come down from the early days of the Christian Church.

Although the Anglican communions have celebrated the Harvest Festival since the first century, this will be the first time for the celebration in St. Francis.

After the service, the fruits and vegetables are to be made into baskets and given to families in the area.

The decoration of the church is being done by the E. C. W. and the Altar Guild, under the direction of Mrs. Harry Fisher. All members of the church are asked to bring their harvest gifts to the church on Saturday morning.

### E. C. W.

The September meeting of the E. C. W. was held at the home of Mrs. F. Glaspie. Mrs. A. R. Mitchell gave a very informative and interesting book review on the life of St. Francis by Nikow Kazantzakis. It was decided at the meeting that every Wednesday morning will be set aside for Social Service projects. All members are asked to meet at the church for the 10 o'clock communion service followed by work on projects.

### SCOUT UNIFORM DAY SEPTEMBER 23

With the Fall Roundup of Scouts well underway, the call to "Follow the Rugged Road to Adventure" gets added stimulus next Friday (Sept. 23) when Cub Scouts, Boy Scouts and Explorers all over the Paul Bunyan Council will wear their uniforms to school. Many will show the hard wear of summer camp, others will be spanking new, but all will be worn with the pride of being part of the world's largest boy movement, according to A. T. Maasberg, President of the Paul Bunyan Council.

### 4-H CLUB WEEK

Many people in this generation are concerned about something called "The negative attitude of American youth." But it is important not to let these impressions overshadow the tremendous worth of the majority of America's teen set, thinks Willard Bosserman, Extension Natural Resource Agent in Roscommon and Crawford counties.

Take a look around you—at the 4-H members in this community and at the 4-H program throughout the state and nation. You may find an impressive and encouraging sight.

About two and a quarter million 4-Hers live in the United States and Puerto Rico. Nearly 87,000 are from our own state of Michigan. These young people are directing their energy and talents toward building for tomorrow.

Each member is involved in one or more projects for which he, and he alone, is responsible. Although members receive counsel and guidance from volunteer adult leaders, the value of the finished project is up to the individual.

Through the supervision of the Cooperative Extension Service, a part of Michigan State University, young people are learning responsibility, and are preparing themselves for the challenge of the future.

National 4-H Week provides an opportunity for all of us to take a better look at the fine work of these young people, and to salute an outstanding informal educational program for its contribution to America—today and tomorrow.

Information about organizing a 4-H Club, materials and information about kind of projects can be obtained from the Cooperative Extension Service office, Roscommon County Building, Bosserman adds.

### Green Light Given "Ausagra Acres"

Final approval for bid letting for the City of Grayling Housing Development, Ausagra Acres, was received from Chicago this week from P. A. Papadopoulos, assistant regional administrator of the Housing and Urban Development office.

A set of plans and specifications will be available to contractors at the Grayling City office on and after 12 noon, September 28th which will require a \$30.00 deposit which will be returned upon the turning-in of the plans and specifications in good shape. It is expected to open bids on October 17th at 2 p. m. at the City Hall.

If the Housing Commission receives a good bid under the amount allotted, construction can be started immediately. The contract will have 365 days to complete the building. At that time, the Housing Commission will be ready for occupants. No actual tenant applications will be received until construction at least gets to the halfway mark. People may leave their name at the Housing office as being interested though.

In order to be eligible for the elderly housing, an applicant must be 62 years of age, low income and have been a resident of Grayling for two years. The rent is low.

### Annual Chamber Dinner Tonight

The Grayling Regional Chamber of Commerce Annual Banquet is being held at the Chief Shoppagan Motor Hotel on September 22 at 7:00 p. m.

The speaker for the annual affair will be Mr. Gene Little, Manager of the Natural Resources Division of the Michigan State Chamber of Commerce. The title of his address will be, "What is Happening to Our Lakeshores."

Mr. William Kraus, the new President of the Grayling Regional Chamber of Commerce, will give his welcome address and introduce the new board members of the Chamber.

One of the highlights of the Annual Dinner will be the awarding of Grayling's Distinguished Citizens Award. This award each year is given to one or more residents of the Grayling region for exceptional service to the community.

Tickets for the banquet are on a reservation basis and may be reserved by calling the Chamber office.

### County Named Pilot For Fire Support Plan

Crawford County has been chosen as a pilot county for what has been tentatively named the Crawford County Fire Support Plan, in which twelve counties will participate. A plan has been drawn up quite similar to the Civil Defense plan providing a procedure to be followed in case of forest fire emergency. This plan has been drawn up by the Michigan State Police Civil Defense Section at the request of the Michigan Conservation Department. William C. Powell of the Michigan State Police Civil Defense Department, Plans and Operations, was in charge of Tuesday's meeting, held last week at the Courthouse. Attending were about twelve representatives of the Michigan State Police, Department of Conservation and U. S. Forest Service people and county officials.

Another meeting will be held on November 8th at Mio, dealing with an inter-county mutual aid agreement, at which chairman of the Boards of Supervisors of all twelve counties will be present.

and includes all utilities. The rent structure is designed to only cover expenses as the Housing Commission is not set up to be a profit making venture.

There will be two community rooms, one for the elderly and the other for the low rental units. Planned activities will be slated for both in cultural, entertainment and educational fields.

The entire area covers about 5 1/2 acres between State and Mikado streets and will be beautifully landscaped. The elderly housing will contain 32 units, 30 one bedroom apartments and two 2 bedroom units. These will consist of kitchen, bath and lots of closet space. The stove, refrigerator and garbage disposal unit will be furnished. The balance of the apartment must be furnished by the occupant.

The low income units will be from one to four bedroom apartments.

Each family formerly living in the area at the time the contract was signed, has been relocated in better living quarters which they purchased either through the Commission or local real estate agents and their moving expenses were paid. This was in addition to the agreed upon price for their property.

If the fall weather permits, cement work should be completed and enclosed and at least part of the buildings will be worked on during the winter.

The Housing Commission was formed on August 13, 1964 and consisted of Leon Rochette, Clairbell Goss, Burton McWilliams, Frank Bond and Lora Gould. Arnold Mauren was appointed to the Commission upon the resignation of Mr. Bond and Derek McEvers replaced Mrs. Gould when she was named Housing director.

The preliminary plan loan applied for and \$5,600 was approved on May 3, 1965. The Commission hired the firm of Harley, Ellington, Cowan and Stirtion, Inc. of Detroit who worked on the development program which was approved. The project then went under ACC contract for \$842,900 with the Federal Government. Work was then started on the Schematic Design and the quadri-foil type of building was decided upon. Four apartments will be in each of the elderly buildings with duplexes making up the low income buildings. It was first thought that a high rise building might be used for the elderly but this was scrapped because of the high cost of elevators for only the small number of units.

The Housing Commission also felt the type decided upon looked more homey and would blend with the area better. Two trips to Chicago to the Public Housing office where meetings were held with Federal officers and architects, brought approval. Design Development started then which was approved last week and the go ahead was given for working agreements and the contract bid phase. This necessitated two trips to Chicago for reviews, price-cutting and revisions but approval has been given and the project will now move forward.

### Woman's Club

The regular business meeting of the Grayling Woman's Club was held Monday, September 19th. Discussion was made of fall projects and programs.

Lunch hostesses were Mrs. Tom Haugh and Mrs. Glen Nolan. The table was centered with a lovely bouquet of variegated orange marigolds in a gold bowl flanked by white candles.

This past summer he attended the first Advanced Theatre Institute sponsored by the National Foundation for the Arts and Humanities. He recently received a letter from Governor Romney congratulating him on this latter achievement. Mr. Minor is a member of PI KAPPA DELTA, the National Speech Fraternity, as well as a member of (Continued in Next Week's Issue)

### Frederic Plans Community Picnic, Sept. 25

The Frederic Township Volunteer Fire Department will sponsor a community picnic in honor of all who were members, and friends, of the Ladies' Auxiliary, who cooperated so willingly and generously during the period of organization and construction of the unit as it stands today.

A menu is being planned that should appeal to all those "who live to eat", as well as to those "who eat to live". There will be plenty of hamburgers and hot dogs (grilled out of doors if the weather-man cooperates) with baked beans and cole-slaw. Coffee, milk and soft drinks (ONLY) will also be available. And music too, will be furnished for your pleasure.

So, plan on being present at this community get-together, bring your family, relatives and friends as living proof that the loyalty and sincerity of the Ladies' Auxiliary, has never been forgotten, even though it is no longer active.

Headquarters for the picnic, to begin at 1 o'clock on Sunday afternoon, Sept. 25th, will be at the Fire Station.

### Meeting Scheduled To Decide Fate of Red Cross

## d-Fenders Second In State Band Battle

Grayling made itself known in a big way at Bay City's Rolaire rink recently when the d-Fenders reached the finals of the State Championship Battle of the Bands. By the narrowest margin ever in the state championship, the d-Fenders were edged out by one of Bay City's own bands, the Intruders. The vote was so close between the two top bands that an unprecedented third recount was needed to determine the winner. Finishing a distant third and fourth behind the Intruders and the d-Fenders were the Paupers from Saginaw and the Tribe from Flint. The d-Fenders and their many fans wish to sincerely thank everyone in Grayling for all their support during the summer with a special thanks to Mr. Stripe and all those who made the school buses available.

## MANISTEE RIVER CHESTNUT LAMPREY CONTROL PROJECT

By B. L. Jacob  
District Fish Biologist

The long proposed lamprey control treatment of the Manistee River in Crawford and Kalkaska Counties will be accomplished this fall, starting on September 15, 1966, and terminating on Sept. 18th or 19th, 1966.

The remaining possible roadblock is delivery of the toxicant—Bayer 73—which we are assured will arrive in time but hasn't yet! Bayer 73 is a selective toxicant to which the lamprey is extremely sensitive. Unfortunately, so are brown trout (or any other species of fish) as they approach their spawning period. The material is considered non harmful to warm-blooded animals. As a matter of fact, it is used as a control for tapeworm in humans with dosages of 5 grams/day. At our proposed treatment rate, a person would have to drink 13,750 gallons of treated water to obtain 5 grams of Bayer 73.

The purpose of the treatment is to decimate the parasitic chestnut lamprey and at the same time materially reduce the trashfish population which competes with the trout for food. We must also expect to kill all of the larger sized sexually mature brown and brook trout in the treatment area if we are surprised, let's be pleasantly surprised.

The treatment area will be from Cameron Bridge to Sharon, including portions of tributaries harboring chestnut lamprey, with effects of toxicant expected to continue to the vicinity of M-66 Bridge. The upper end of the treatment area contains a very nice trout population, mostly brookies, and it is with regret that we include it in the treatment area. However, it does also contain chestnut lamprey which we do not feel we can leave to infest the downstream area.

Another feature on the debit side is the heavy mortality of soft-bodied insect larvae such as the burrowing mayfly (caddis"). We expect that we will very nearly

eliminate these organisms from the treatment area, but that they will repopulate the treatment area surprisingly soon.

We will restock the Manistee River in the treated area this fall with 100,000 fall fingerling trout 4" - 6" in length and a like number next spring which will be slightly larger. Numerically, these fish will be about 34 brown trout and 1/4 rainbow trout. We expect a significant mortality among the fall stocked fish because of the lessened food supply but feel obliged to stock them so as to not leave a void which could be filled by roughfish over the winter.

We expect good growth in the stocked trout next summer, with lengths of 12" - 14" by next fall. Likely they will mostly not be of legal length until late May, so we should expect a poor season opening next spring. We expect the minnow population to re-establish in a relatively short time, a year or so, but expect a long lasting benefit in reduction of the chestnut lamprey—perhaps 10 years.

The fish killed in the treatment will be suitable for human consumption, and the public is invited to pick up as many as they want after obtaining the necessary permit. Permits will be available gratis from Conservation Department employees at most of the major access points on the Manistee River during the course of the treatment.

U. S. Fish and Wildlife Service personnel have contributed materially toward making this project possible by furnishing invaluable counsel and by conducting necessary tests. They will continue to assist us during the treatment both physically and with counsel and chemical analyses.

## LETTERS TO THE EDITOR

September 13, 1966

Robert Strong, Editor  
Crawford County Avaloncho  
Grayling, Michigan

Dear Mr. Strong:

The members of Grayling Chapter No. 28 of the Michigan State Employees Association would like to clarify a misunderstanding concerning State employees and our organization.

Recent action such as picketing, strike threats, and mass marching on the Capitol at Lansing by a small group of State employees does not represent the attitude of the majority of State workers and especially the Michigan State Employees Association.

The more than 15,000 members of the independent MSEA do not approve or agree with such action as has been taken by the MSEA, AFL-CIO, Council No. 7. Such action as they advocate would only weaken Michigan's merit system and return our State to the spoils

system. MSEA believes that the proper method to settle differences is through negotiation and due process of law.

The members of this chapter and our state-wide organization of MSEA do not want to be confused with or likened to the small group of State employees known as the MSEA.

Sincerely,

Donald E. Smock, President  
MSEA Chapter No. 28

## Attend The Church Of Your Choice

Another new church! The newspaper article says the population in Bill's suburban neighborhood is growing so fast that even more churches will soon be needed. Bill thinks this is just great.

"A community is a better place when there are plenty of churches," he says. "It's good for the children and the young people... it's good for everybody! We all need some sort of anchor for our lives, and the Church is the best one I know of."

Bill's right. When people work together for their church... when people pray together for guidance... it can't help but lead to a greater spirit of tolerance, fellowship and cooperation in the whole community.

In order to play its full part, the Church needs you, your prayers and your support. In return the Church offers you a priceless gift... the Truth that shall make you free.

## THE CHURCH FOR ALL - ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and read your Bible daily.

## Lenin Was Right . . .

John Maynard Keynes, famed British economist and architect of today's "new economics", once noted, "Lenin is said to have declared that the best way to destroy the Capitalist System was to debauch the currency. . . . Lenin was certainly right . . . The process engages all the hidden forces of economic law on the side of destruction, and does it in a manner which not one man in a million is able to diagnose."

We can see this process at work on every side today in the United States. Government policies for many years have bred inflation. Few seem to realize that government by chronically spending more than it collects in taxes finally establishes a declining trend in the value of money from which there is no escape. The tendency of one group of citizens to blame another for rising prices is aided and abetted by government authorities going around the country demanding that businessmen "hold the line" on inflation by adhering to fanciful guidelines established by the very government men that is fomenting inflation.

The only question is, will the people realize before they have lost their freedom, as well as their dollars, that government grants and gifts must ultimately be paid for, either in taxes or Lenin's "debauched currency"?

Dr. Claude R. Keyport has the distinctive honor of becoming the head of the Michigan Medical Society when he was elected its president at their annual meeting in Detroit this week Wednesday. At a banquet held at the close of the convention at the Statler Wednesday evening, on behalf of Grayling Kiwanis Club, Dr. Stanley Stealy and Carl Peterson, Jr. an interne at Harper Hospital, presented Dr. and Mrs. Keyport with a huge bouquet of chrysanthemums. In accordance with a motion carried at the regular monthly meeting of the City Council, Sept. 3, the so-called alley in the rear of the stores on Michigan Avenue between Cedar and Peninsular has been closed. On Tuesday morning workmen of the city set three heavy posts in the entrance between the Olson barber shop and the M. P. S. Co. building, making entrance in that area impossible. For several years effort to get the right of way for a public alley has been made. Always something has come up to prevent carrying out the plans. Rather than take the chances of having possible damage suits on its hands, the council ordered the entrance closed.

## Chamber of Commerce Minutes

Regular meeting Grayling Regional Chamber of Commerce, Arrowhead Inn — September 8, 1966.  
Members Present: Gerry Burns, Ray Elsey, Billie Forbes, Bernard Fowler, Bill Kraus, John Latuszek, Ed Rutkowski, Sandy Thompson, and Don Welser.  
Members Absent: None.  
Guests: Marilyn Longworth, Robert McIntosh, and Robert Strong.  
Also Present: Earl "Chum" Longworth.

Meeting called to order at 12:10 p. m. by President Bill Kraus.  
A Treasurer's report was read by Treasurer Billie Forbes. Because of the payment of several delinquent 1965-66 membership dues, it was possible to pay our outstanding bills and start the new fiscal year with a balance of \$6.54.  
Motion by Ed Rutkowski, second by Bernard Fowler, that the Treasurer's report be accepted.  
Mrs. Forbes reported that a number of businesses have now paid their 1966-67 dues. A list of bills was presented for approval of the Board. Motion by John Latuszek, second by Ed Rutkowski, that these bills be paid.

No new members. No correspondence to be brought to the attention of the Board.  
President Kraus introduced Mr. McIntosh and Mr. Strong who were invited to this meeting to inform the Board of the status of the Grayling Township Zoning Ordinance. After much discussion, a motion was made by Ed Rutkowski, second by Billie Forbes, that the Chamber back the principle of a Zoning Ordinance in Grayling Township. All Ayes.

The Board feels that basically an ordinance is needed, however, amendments to the present one should be made, but the Board was made aware that until amendments can be made, there is recourse through proper channels for any extenuating circumstances.  
Mr. Longworth reported that progress on the Whitetail Roundup is being made. Flyers for the event have been returned from the printers, a news release has been mimeographed, and a mailing will go out to some 450 Archery dealers, various news media, and bowhunting clubs, thanks to the assistance of Bear Archery Company.

Manager Longworth also reported that plans for the "Carnival of Color" promotion the weekend of October 7 & 8 are finalized. It was reported that the decorating scheme for downtown Grayling will be the finest ever attempted and that news media coverage will be the best that can be obtained.  
Mr. Longworth told the Board of a visit with Bob Ruddy who has been patrolling the AuSable River for the past few weeks. This patrol has proved highly successful and Mr. Longworth recommended the Chamber give their moral support to this operation and that he would be willing to appear with Mr. Ruddy before the County Board of Supervisors with an outline on what has been done and suggestions on what could be done to continue the program.

Motion by Gerry Burns, second by Ed Rutkowski, that the Chamber support the principle of an AuSable River patrol. All Ayes.  
Hinton for an enclosed sunporch at Eagle Point, to Ward Buron for an accessory building at Pine Point, to Raymond Ellis of Sandusky for a house on M-72 east of Stephan Bridge Rd., to Les Powers for a porch and entrance at Karen Woods, to Thane Hendershot for a porch and residing at 409 Huron, to Francis VanKleeck a porch on Pine Ridge Road, to Al Thery a utility shed at Burton's Landing, to Carl Kellogg, a back porch, at M-72 and Wakeley Bridge Rd., to Carroll McDonnell, a porch in Shaw Park, to William Ellis, two porches at Shangri-La, to Pearl Packer, 506 Ottawa, roof repair, to Harvey Hill, 407 Erie for new garage roof, to Wilfrid Ziegler, 205 McClellan, ceiling and porch repair and painting, Melvin Marshall, 700 Michigan, for a new home at 110 Clare St.

I have examined with respect to the Fredric Community School, Crawford-Osego Counties, Fredric, Michigan, the balance sheets and the related statements of revenues and expenditures of the GENERAL FUND, DEBT RETIREMENT FUND, BUILDING AND SITE FUND for the fiscal year ended June 30, 1966. My examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances. The scope of my examination was not extended to the child accounting records.  
In my opinion, the accompanying balance sheets and related statements of revenue and expenditures with respect to the Fredric Community School, Crawford-Osego Counties, present fairly the financial position of its above named funds at June 30, 1966 and the results of the fund operations for the year then ended in conformity with the principles of accounting as prescribed by the Superintendent of Public In-

Mr. and Mrs. Richard Serven of Marlon were overnight guests of Mrs. Frank Serven Tuesday of last week.

Mrs. Robert Jackson has gone to Hillman to spend the winter months with her brother, Louis Ferguson.

Mr. and Mrs. William O'Neal of Flint were in Grayling Monday and called on their former neighbor, Mrs. Myrtle Strong at Mercy Hospital, and the Bob Strongs at the Avalanche.

Mrs. Myrtle Strong was released from Mercy Hospital Monday after being confined for about a week.

Members of St. Mary's parish enjoyed a potluck picnic at the Hartwick Pines Sunday afternoon. Mr. and Mrs. Robert Strong visited their son and family, the Bob Strongs II in Alpena, and Mr. and Mrs. Merrill Weber in Lincoln, over the weekend.

Labor Day ended an all too short summer for the Harold Lonydykes; however the windup at the Hideout was a super one. A second Fourth of July was staged, same guests, Nelda and Jerry DeVleyer, same fun. Harold and Joanne have sort of become standard fixtures at the Hideout. Joanne, who is a gourmet and a cook, ladies out the food and Harold spends his time fishing and taking spins on his motorcycle with Doreen in all her glory, in tow. To Doreen, happiness is riding on a motorcycle. The Lonydykes hope to sneak away from their Southfield home once more to take in the beauty of Michigan's colorful fall, just once more for old times sake before the wintery winds start to blow.

Saturday company of the Sam Sherwoods were Mr. and Mrs. Andrew Midose, and on Sunday Mrs. Harold Edwards of East Jordan.

Miss Barbara Cornell of Dearborn was home over the weekend to visit her parents, the Willard Cornells.

Jerry Heskia was the ever picturesque "Hawaiian Hula Girl." However, he wore the traditional style of "grass skirt" made from aluminum foil (no doubt, a friend of Henry Kaiser), and laden with leis he also had an orchid placed strikingly over one ear.

The can-can girl was portrayed by Marian McMillen. Her costumes consisted of 32 cans of various sizes and shapes, attached to a red and white checked dress. She even had miniature soup cans for ear-rings and her hat was of straw, entwined by a new can lid (toilet seat) from which protruded two spikes of blue larkspur.

The final model of the evening was the most gorgeous, ravishing model of them all—Miss America. The model for this lovely creature was none other than Olin Williamson in a swim-suit costume of two pieces with a fish-net stole and face mask adornment on his head.

During the entire fashion show, each model made her way through the crowd to the accompaniment of appropriate music by June Feldbauer.

Serving refreshments were Elsie Nolan, committee chairman, Helen Cross, Marjorie Laugh, Mildred Hoy, Kathryn Niederer and Frances Ziebell.

Your reporter also wishes to apologize for the error in the report on selection of Mrs. William son as Chairman of Proficiency for the Grand Jurisdiction this coming year for stating that none from the local chapter had previously served. There were two members who did. Mrs. Henrietta Phelps served as a Grand Star Point and Mrs. Letha Leng of Frederic was a Grand Representative.

My sincere thanks to the doctors, Sisters, nurses and other staff members for their wonderful and compassionate care while I was in Mercy Hospital also friends for their cards, flowers and visits. These kindnesses are greatly appreciated.

Myrtle Strong

O. E. S. MEETING HONORS U' HARLEY RUSSELLS

Over 50 members and guests were present at the September meeting of Grayling Chapter No. 83 O.E.S. on September 19th.

During the meeting special tribute was paid to Mr. and Mrs. U'Harley Russell who plan to leave our community soon. A special Chapter for their loyal and faithful service.

Hilarity held sway in the special program held in the dining room following the regular meeting. Several officers presented an unusual "Style Show" for entertainment. Bernie Heskia modeled a fetching "dinner gown" made from a paper tablecloth decorated with paper plates, napkins, plastic tableware, etc. Patricia Failing modeled an unusual box-jacket suit and pill-box hat. You might know, the jacket was cut from a cardboard box and her hat was adorned with pill-boxes. Irene Peterson was the next lovely model. She modeled an "evening gown" consisting of red flannels topped with a sheer white nightgown and was loaded with costume jewelry. The narrator, Worth Matron Dottie Williamson, in introducing her finished the description with the phrase "This girl is loaded (with costume jewelry, that is.)"

The piece de la resistance was the blushing bride (Rex McMillen), who, it was noted, had planned to be married at least six months sooner! In addition to the gown and veil of the bride her bouquet, appropriately enough, was a large bunch of "wild grapes entwined around a candle burnt at both ends."

Jerry Heskia was the ever picturesque "Hawaiian Hula Girl." However, he wore the traditional style of "grass skirt" made from aluminum foil (no doubt, a friend of Henry Kaiser), and laden with leis he also had an orchid placed strikingly over one ear.

The can-can girl was portrayed by Marian McMillen. Her costumes consisted of 32 cans of various sizes and shapes, attached to a red and white checked dress. There will be a meeting September 25 at the American Legion Hall. This is in conjunction with our charter closing and long form ritual. We would like to see all of the members who can make this meeting be there, as it will be decided at this time whether to change our meeting date and place. This was discussed at the September 18 meeting and it was decided to make the decision when we closed the charter. Comrades, please try to attend on September 25, 2 p. m. at the American Legion Hall. It takes a majority of the members present to change all this. It is up to you to be at this meeting. Don't forget, September 25th at 2 p. m., American Legion Hall. William Higbee, Post Cmd.
